## Verderdos in the pool & spa industry

**CUSTOM BUILT DOSING PUMPS**  
★★★★★

Verderdos and Verderflex VP pumps are ideal pumps for precise dosing in many applications where accuracy is crucial.

All products are CE certified. Recommended applications include measure & control of swimming pools, water treatment, chemical dosing, cleaning/hygiene, vending machines, bottle filling and other OEM applications.

In water treatment, Verderdos VE and Verderflex VP dosing pumps and systems are used for the dosing of chemicals to treat all kinds of polluted water.

### Verderflex VP

Verder also offers a peristaltic pump program for pH, Redox and chlorine (ORP) measurement and control, as well as pumps for dosing via water meter.

Also the peristaltic pumps are available with manual, digital and proportional adjustable flow rates. Depending on the specs of your spa equipment we can also create peristaltic dosing systems on demand.

Our engineers can create any dosing solution for OEM applications.
